About Bellingham Technical College:

ENGINEERING AND ADVANCED MANUFACTURING: prepares students for careers such as civil engineering technicians, computer-aided drafter, construction manager, transportation technician, millwrights, instrument technicians, machinists, process technicians or operators in power generation, refining and manufacturing and many other fields.

Start your four-year degree at BTC. Come to BTC for a transfer degree – Get an Associate’s degree in Mechanical, Manufacturing or Plastics Engineering Technology, Electronics or Computer Engineering Technology, and Technology, which lets you start your bachelor’s degree at BTC then finish at a four-year Washington State college or university

BTC’s administration collaborates with local industry, employers and our state and local governments to determine the skills our workforce requires to keep the economy strong.

BTC’s provides high-tech, hands-on training and solid academic instruction to help our students reach their goals of high-wage careers and personal satisfaction and employment stability. Bellingham Technical College is accredited by the Northwest Commission on Colleges and Universities, and offers 37 associate degree and 51 certificate options providing professional technical education to support local and regional industry workforce needs.
