BTC TO HOST SPRING CASPAR BABYPANTS CONCERT APRIL 15

Bellingham, Wash. — Local families looking to welcome spring with song and dance can join Caspar Babypants for a concert Saturday, April 15, at Bellingham Technical College.

The concert will start at 10:30 a.m. Saturday in Settlemyer Hall in BTC's Campus Center, with doors opening at 10. Tickets cost \$7 per family for BTC students and \$12 per family for non-students. Tickets are available only online at www.btcfamily.eventbrite.com. **No ticket sales will take place at the door.**

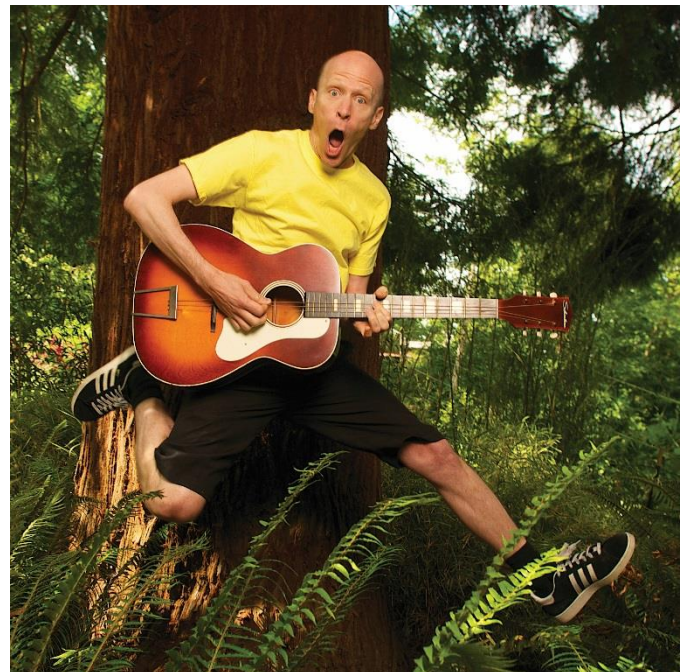

All proceeds from the concert will go toward scholarships for BTC's Parenting Education Program.

Fans of the band Presidents of the United States of America will likely recognize

Caspar Babypants as the kid-friendly alter ego of singer and bass guitarist Chris Ballew. As Caspar Babypants, Ballew taps into classic nursery rhymes and his own imagination to come up with toddler-friendly tunes that parents won't mind getting stuck in their heads. Parents are encouraged to bring children ages 6 and younger to the concert.

Parking will be free in all campus lots for the events.

For more information about BTC's Parenting Education Program, go online to Programs and Degrees at btc.edu, and click on Parenting Education.

To learn more about Caspar Babypants, go to www.babypantsmusic.com.

This event is sponsored by IMCO Construction, along with BTC's Child and Family Studies Program, and the Associated Students of Bellingham Technical College.

About Bellingham Technical College:

Bellingham Technical College is accredited by the Northwest Commission on Colleges and Universities, and offers seven direct transfer degrees such as pre-engineering, pre-nursing, electronics, mechanical engineering and technology and business. Completion of these degrees prepares BTC students to transfer with a junior status to participating colleges and universities in Washington State. BTC offers 38 associate degree and 51 certificate options providing professional technical education to support local and regional industry workforce needs. For more information, go to www.btc.edu.
