

# Bellingham Technical College Foundation Professional Development Grant Request

## **Purpose:**

The Foundation's Professional Development Grants support faculty and staff professional development.

## **Eligibility:**

Any BTC faculty (including adjunct), classified, exempt or administrative staff working full or part-time, with supervisor/dean approval.

## **Priority consideration will be given to:**

- Faculty projects involving pursuit of an advance degree that is a prerequisite for their program's professional or state certification.
- Faculty or staff working toward completion of a degree or certification related to their work.
- Projects or activities that meet one or more of the following:
  - *Broaden understanding and knowledge of an occupational, technical or professional field.*
  - *Improve occupational, technical, administrative, managerial and/or supervisory skills.*
  - *Benefit a significant number of BTC students.*
  - *Facilitate or support collaborative projects within BTC or between the College and its partners.*
  - *Support BTC's Strategic Plan.*

## **BTC Foundation grants do *not* fund:**

- Professional development activities that can be funded with your available institutional funds.
- Salaries or release time.
- Equipment and materials.

## **Grant Award:**

The maximum grant per person is \$600 per biennium (while Foundation funds last), however additional funds may be granted based on available funds and the total number of requests received. If you are pursuing a program of study that extends throughout the academic year, you may apply once and ask to be considered for funding over multiple quarters. Subsequent funding may be reduced as qualified new applications have priority over multi-quarter requests from the same applicant for the same project.

Note: To maximize the use of Foundation funds, first or concurrently utilize any available institutional funds.

## **How to Apply:**

1. Turn in your completed BTC Foundation Professional Development Grant application including relevant conference, workshop or course details to the Foundation Office (Morse Center, 203). Your supervisor needs to endorse/approve the professional development application(s).
2. Applications will be reviewed and grantees selected by BTC staff members.

**Questions:** Call Valerie Frank, Foundation Coordinator at 752-8684.

# Foundation Professional Development Application

Name: \_\_\_\_\_ Title: \_\_\_\_\_

Program/Dept: \_\_\_\_\_ Phone Ext: \_\_\_\_\_ Date: \_\_\_\_\_
