Introduction

We are pleased you have chosen Bellingham Technical College as a place to work, study and learn. The College administration wants to assure you that, as part of the BTC community, your safety and security are of primary concern. BTC staff are committed to making our campus a safe, nurturing learning environment. Our goal is to provide safety and security services that enhance and support the educational mission of BTC.

Federal law requires that the College inform the campus community about the crime risks faced on the campus. This report contains the Campus Safety Report, as required by the Federal Crime Awareness and Campus Security Act of 1990 and, as mandated by the Federal Drug Free Schools and Communities Act of 1989, and explains the College’s policy on alcohol and illegal drugs. This report also provides information about safety procedures and policies at BTC. The information in this report is reviewed and updated on an annual basis and disseminated to all students and employees at BTC.

At Bellingham Technical College, your safety and security are our priority.

—Bellingham Technical College Administrative Staff

Campus Safety Overview

BTC Administrators (Facilities Manager, Vice Presidents of Student Services, Administrative Services and Instruction) are committed to working with members of the college community to resolve all criminal matters in a timely fashion.

BTC Safety and Security authorities and their representatives have the authority to ask persons for identification and to determine whether individuals have lawful business at BTC. They also have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff.

Safety and Security authorities do not possess arrest power and do not carry firearms. Criminal incidents are referred to the local police who have jurisdiction on the campus. The security authorities at BTC maintain a highly professional working relationship with the City of Bellingham Police Department and the Whatcom County Sheriff. All crime victims and witnesses are strongly encouraged to immediately report any crime to campus security authorities and the police.

Access to Campus Facilities

During business hours, the college is open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all college facilities is by Proximity card and/or key, if issued, or by admittance via Facilities staff.

Some facilities, such as the Campus Store and Library may have individual hours that may vary at different times of the year. In those cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

Annual & Daily Crime Statistics

By October 1 of each year, college institutions must publish and distribute their Annual Campus Security Report (ASR) to current and prospective students and employees. The federal statute, known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses. The report is required to provide crime statistics for the prior three years, policy statements regarding various safety and security measures, crime prevention programs, and procedures to be followed in the investigation and prosecution of alleged sex offenses.

To comply with crime reporting for the Clery Act, Bellingham Technical College is required to:

- Collect, classify and count crime incident reports and related law enforcement crime statistics.
- Submit crime statistics to the U.S. Department of Education. Each year in the fall we must participate in a web-based data collection to disclose crime statistics by type, location and year.
- Publish an Annual Campus Security Report (ASR) containing safety and security related policy statements and crime statistics and distribute it to students and employees. Colleges must also inform prospective students and employees about the availability of the report. This report includes data from two years prior to the most recent year. In this particular report, you will see data for calendar years 2012, 2013 and 2014.
- Issue Campus Alerts to provide the campus community with information necessary to make informed decisions about their health and safety:

  **A Timely Warning** is issued for crimes that have already occurred but represent an ongoing threat to the campus community. The goal is to aid in the prevention of similar crimes.

  **Immediate Notifications** have a wider focus and are issued for a significant emergency or dangerous situation involving an immediate or imminent threat to the campus.

- Maintain a Daily Crime Log of alleged criminal incidents that is open to public inspection upon request. The daily logs indicate an initial classification of the crime, date reported and date occurred when known, a general location, as well as if it occurred on the main campus or not. The incident log is available for public inspection by contacting the Administrative Services office in College Services Building at 360.752.8588 during normal business hours. BTC reserves the right to exclude any crime report information that may compromise an ongoing investigation.

- There are additional requirements for institutions that maintain student housing facilities. At this time, Bellingham Technical College has no residential housing.

Violence Against Women Act

VAWA — The Violence Against Women Act of 1994 (VAWA) is a United States federal law, originating in 1994. As it relates to college campuses and crime statistics, it expounds upon the Clery Act, requiring greater attention and prevention for victims. In response to increasing violence against women in America, this landmark federal legislation’s comprehensive approach to violence against women combined tough new provisions to hold offenders accountable with programs to provide services for the victims of such violence.

On March 7th, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4). Among other provisions, this law amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Clery Act (20 U.S.C. 1092(f)). These statutory changes require institutions to compile statistics for certain crimes that are reported to campus security authorities or local police agencies including incidents of sexual assault, domestic violence, dating violence, and stalking.

Clery Reporting Geography & Map

Clery statistics are categorized separately as offenses that occur in the following three locations:

- On Campus: This includes any buildings and facilities owned or controlled by Bellingham Technical College, which are within the same reasonably contiguous geographic area and used to meet or support the institution’s educational purpose:

  **Main Campus** — 3028 Lindbergh Avenue, Bellingham, WA 98225

- Non-Campus: This area includes buildings and facilities that are near campus or are either owned or controlled by the College:

  **Perry Center** — 1600 C Street, Bellingham, WA 98225

  **Technology Development Center** — 1000 F Street, Bellingham, WA 98225

  **PeaceHealth St. Joseph Medical Center** — 2901 Squalicum Pkwy, Bellingham, WA 98225

  **First Congregational Church** — 2401 Cornwall Avenue, Bellingham, WA 98225

  **St. Luke’s Health Education Center** — 3333 Squalicum Pkwy, Bellingham, WA 98225

- Public Property: This area can be described as public streets that run through or form the border of main campus and its roadways. BTC does not have public streets running through the campus, but does have public streets that border the campus.

*See pages 25–27 for definitions of all offenses listed above*
Hate Crimes

BTC is also required to report statistics for hate (bias) related crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug violations and/or illegal weapons possession and larceny-theft, vandalism, intimidation, simple assault, and destruction, damage, or vandalism of property (see definitions on Page 25).

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense against a person or property which is motivated by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the (first) crime classification in any other area of the Clery compliance document.

For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim’s race, sexual orientation, etc., the assault is then also classified as a hate/bias crime. There were no reported hate crimes for 2012, 2013, and 2014.

How to Report Emergencies or Crimes

The Bellingham Police Department is the College’s primary partner in safety and security issues. In the event of a threatening situation, call 911. Be prepared to give your exact location and the location of the threatening situation. Once you have called 911, notify your instructor, supervisor, or any administrator.

Accurate and prompt reporting of all crime, suspected crime, unusual and/or suspicious activity is vital to the safety of the campus community. Students and staff should complete an incident report regarding any serious incident or injury that occurs on campus. The report provides a basis for timely warnings when a crime may present a threat to other members of the campus community and also assist the College in providing a full disclosure in the annual Crime Statistics Report.

If you observe anything that seems suspicious or out of the ordinary but not immediately threatening, notify your instructor, supervisor, or any administrator.

Bellingham Technical College has a long history of being a safe and welcoming campus. We are very aware that a truly safe campus can be achieved only through the cooperation of everyone. By increased awareness and reporting suspicious activity, together we can help reduce crime on campus.

Various campus departments cooperatively address safety issues. The offices of Instruction, Administrative Services, Human Resources, and Student Services work with Facilities, the Behavior Intervention Team, and a College-wide Safety Committee to prevent and manage situations that threaten to disrupt the learning environment.

Confidential Reporting

If you are a witness to, or victim of a crime, or if you need to communicate with College officials about incidents or behaviors that affect the safety and security of BTC, and would like your identity kept in confidence, BTC has developed an online reporting tool called the Incident and Behavior Report Form. Issues relating to personal safety, theft, and substance abuse are serious issues that if not reported, may lead to more serious safety concerns. The Incident and Behavior Report Form is a secure way to report these and other safety issues or suspicious behavior anonymously. Once submitted, only appropriate campus personnel will have access to the report and investigations will be handled accordingly.

The form is located on BTC’s website under the Safety Information page: [http://www.btc.edu/AboutBTC/Safety/indexSafety.aspx](http://www.btc.edu/AboutBTC/Safety/indexSafety.aspx). BTC counseling services are also available to assist with student emergency/crisis issues and can offer confidential reporting opportunities. Counselors are located in College Services, Room 106, and can be reached by phone at 360.752.8450.

Behavior Intervention Team (BIT)

While interacting with students across the college, faculty and staff may be confronted with situations in which a student is displaying concerning, destructive, or violent behavior. The BTC Behavior Intervention Team (BIT) is a multi-disciplinary team of qualified and dedicated BTC professionals designed to assist in the individual needs of the student and those of the campus community. BIT assesses and reviews student behavioral incidents that may involve student code violations, mental health, safety issues, or illegal acts that have occurred on campus. On occasion, off-campus incidents may be reviewed if the parties involved are students of Bellingham Technical College.

Behaviors of concern might be observed in a number of settings: in the classroom, at a service location, in an on-campus job, or during participation at an extracurricular activity. By immediately reporting behaviors that are concerning, the BTC Behavior Intervention Team will be able to reach out to students to intervene, provide support, take disciplinary action, or connect them with resources to assist them.

Moderate to severe incidents in progress should be immediately reported to BTC Safety and Security Authorities. BIT Reports for behaviors of concern can be made online at [www.btc.edu/BehaviorAwareness/IncidentReportForm](http://www.btc.edu/BehaviorAwareness/IncidentReportForm).
Student Conduct & Discipline

Admission to Bellingham Technical College carries with it the expectation that students will conduct themselves as responsible members of the college community. This includes the expectation that students will obey the law; comply with the rules and regulations of the College; maintain high standards of integrity and honesty; respect the rights, privileges and property of other members of the College community; and will not interfere with College operations. Sanctions for violations of College rules or conduct that interferes with the operation of college affairs will be dealt with by the College and the College may impose sanctions independently of any action taken by civil or criminal authorities. In the case of minors, misconduct may be referred to parents or legal guardians.

Student activity or behavior which violates any provision of the Campus Code of Conduct is not acceptable; yet, an individual who enrolls at the College can rightfully expect that the instructors and administrators will exercise with restraint the power of the College to regulate student behavior, and that rules and regulations will be adopted only when the education process clearly and directly requires such legislation. However, restrictive rules and regulations will not be made without showing relevance to those conditions toward which they apply. The enforcement of these rules and regulations shall be fair and shall be pursued in accordance with regulations governing student conduct. Sanctions, up to and including expulsion from the College, may be imposed for failure to satisfy the expectations stated above. These sanctions will determine whether, and under what conditions, the violator may continue at the College.

Disciplinary Sanctions

In keeping with educational purposes of the College, disciplinary sanctions, other than those requiring expulsion, are intended to be remedial rather than punitive. Most disciplinary proceedings will be conducted informally between the student and the Vice President of Instruction in matters relating to the student’s academic work, and between the student and the Vice President for Student Services in other matters.

More formal procedures are provided, however, whenever more serious sanctions are to be imposed, or to allow for the student’s right to due process. In all situations, whether handled formally or informally, basic standards of fairness will be observed in the determination of (1) the truth or falsity of the charges against the student, (2) whether the alleged misconduct calls for sanctions, and, if so, (3) what those sanctions should be.

In addition to initiating discipline proceedings for violations of the Campus Code of Conduct, the College may refer any violations of federal, state or local laws to civil and criminal authorities for disposition. The College shall proceed with student disciplinary proceedings regardless of whether the underlying conduct is subject to civil or criminal prosecution.
Positive Options for Bystander Intervention

A bystander is someone other than the victim who is present when an act of dating violence, domestic violence, stalking or sexual assault is occurring or when a situation is occurring in which a reasonable person feels as though some protective action is required to prevent sexual assault, dating violence, domestic violence or stalking. Bystanders, if active, can prevent harm or intervene before a situation gets worse. Examples of active bystander intervention include: not leaving an overly intoxicated person in a bar/party alone, walking a classmate to his/her car after class, calling police when a potentially violent situation is unfolding, not leaving an unconscious person alone, or intervening when someone is being belittled, degraded or emotionally abused (walking victim away from abuser, contacting others for help, like Counseling Center or Campus Safety).

Preservation of Evidence

Preserving evidence of a sex offense is time critical. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with a Campus Safety Authority or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

It is important that a victim of sexual assault not bathe, douche, smoke, drink, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence as may be necessary to the proof of criminal activity may be preserved. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, emergency rooms and health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to college hearing boards/investigators or police.

Legal sanctions may be imposed for both felony and misdemeanor convictions and range from loss of financial aid to fines to multi-year prison terms. More severe penalties are provided for persons convicted of providing controlled substances to minors and for repeat offenses.

**Registered Sex Offenders**

In accordance with the Campus Sex Crimes Prevention Act of 2000, BTC provides a link to the Sex Offender Registry on BTC’s website. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed, carries a vocation, or is a student. Sex offenders are required to notify the Vice President of Student Services of their intent to enroll at BTC. A list of those individuals who have complied with this requirement is kept by the Vice President of Student Services.

When a registered Level I or II sex offender is enrolled at BTC, administrators, counselors, advisors, instructors in courses where the students are enrolled, and affected staff (e.g., in the Library, Tutoring Center) are informed through campus email. When a Level III sex offender is enrolled, the entire campus is informed through postings across campus, including in all classrooms where the student is attending. In addition, on the first day of class, counselors visit each class in which a Level III sex offender is enrolled, to address any concerns.

The Whatcom County Sheriff’s Office advises the following: Experts believe sex offenders are less likely to re-offend if they live and work in an environment free of harassment. Any actions taken against the individuals named in the notification, including vandalism of property, verbal or written threats of harm; or physical violence against this person, his or her family, or employer, will result in arrest and persecution of criminal acts. It is against the law (RCW 9A.44.130) to use this information in any way to threaten, intimidate, or harass registered offenders.

Notifications are intended as information items only and there is no additional action required nor is this intended to create excessive anxiety among students and staff. For more information, please contact the office of the Vice President of Student Services at 360.752.8443.

**Emergency Response, Notification, & Evacuation**

While no one likes to fear the worst, there are a number of emergency procedures that you should review and make yourself aware of while attending college. The most important emergency procedures to become aware of and prepared for include: fire, earthquake, a winter storm, power outage, an evacuation for various reasons, a suspicious person or object, an intruder alert, or a hazardous material incident. While some emergency responses are similar, some may be very different.

Emergency reference guides which detail BTC’s emergency response and evacuation procedures are posted in common areas on campus, classrooms, on BTC’s website, as well as disseminated to students through email. BTC also conducts emergency response and evacuation drills on an annual basis.

BTC maintains a close working relationship with local emergency management officials. Facilities and College Administration will monitor inclement weather conditions and will inform students and employees when emergency procedures are required.

Notification to the campus community of emergency or evacuation is provided over the college’s annunciation/paging system, by telephone, text message, email, and screen alerts on all staff, faculty, and student network computers. Speakers are located in common areas, classrooms and offices.

BTC’s Emergency Closure and Storm Watch telephone line (360.752.8766) is recorded with emergency notification information. In the event of an emergency, BTC posts key information to its website and social media accounts (e.g. Facebook, Twitter) regarding the situation and any closure information. To receive emergency notification alerts, log on to [www.btc.edu/alerts](http://www.btc.edu/alerts) and update your contact information.

**Mutual Aid Agreement**

This a written agreement between agencies, organizations, and/or jurisdictions in Washington State, Whatcom County and Bellingham City limits. This agreement endeavors to provide a timely emergency response plan and recovery through cooperation, coordination, sharing of resources, equipment and/or expertise in a specific manner. Bellingham Technical College has a current Mutual Aid Agreement with the City of Bellingham and Whatcom County.

**Personal Security & Crime Prevention**

Personal security is a shared responsibility. You are encouraged to think and act in ways that increase your personal safety, the safety of your belongings, and the protection of your vehicle. All members of the campus community are urged to follow standard crime prevention practices such as the following:

- Be alert for suspicious persons in and around campus buildings and parking lots.
- Do not leave valuables such as purses, wallets, and bags in unattended spaces.
- Avoid walking alone at night. Choose a route that avoids dark, vacant areas. Wear clothing and shoes that allow you to move quickly.
- Walk with a purpose. Project an assertive or businesslike image.
• Be conscious of your surroundings. Anticipate potentially dangerous situations.
• Have your car key ready before getting to the car so that you are not delayed by fumbling for it.
• When parking at night on the street or in the parking lot, park in well-lighted areas that are well traveled.
• Never leave valuables visible in your car.
• Look into the car before you get in to be sure no one is hiding inside. When you get into your car, lock all doors and roll up the windows.
• Drive on well-traveled streets and NEVER pick up hitchhikers.
• If you are being followed, drive to a police station, fire station, or open business to seek help. If you fear getting out of your car, sound your horn to get attention.
• If your car breaks down, raise the hood, then get back in your car and lock the doors. If someone does stop to help, do not get out; instead ask that a call for help be made.
• If you sense a potential threat, consider your options, then take action:
  • Try to get away from the danger.
  • Scream, create a commotion.
  • Run toward well-lighted public areas.
  • Go into open buildings where other persons are present.

Definitions

Complainant: Employee(s), applicant(s), student(s), or visitors(s) of Bellingham Technical College who alleges that she or he has been subjected to discrimination or harassment due to her or his membership in a protected class.

Complaint: A description of facts that allege violation of the College's policy against discrimination or harassment.

Sexual Misconduct: Prohibited sexual or gender-based conduct by a complainant, including, but not limited to: 1) Sexual activity for which clear and voluntary consent has not been given in advance; 2) Sexual activity with someone who is incapable of giving valid consent because, for example, he or she is underage, sleeping or otherwise incapacitated due to alcohol or drugs; 3) Sexual harassment; 4) Sexual violence, which includes, but is not limited to, sexual assault, domestic violence, dating/intimate violence, and sexual or gender-based stalking; or 5) Non-physical conduct such as sexual or gender-based digital media stalking, sexual or gender-based online harassment, sexual or gender-based cyber-bullying, nonconsensual recording of sexual activity, and nonconsensual distribution of a recording of a sexual activity.

Consent: Knowing, voluntary and clear permission by word or action, to engage in mutually agreed upon sexual activity. Each party has the responsibility to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be at the time of the act of sexual intercourse or sexual contact actual words or conduct indicating freely given agreement to have sexual intercourse or sexual contact.

A person cannot consent if he or she is unable to understand what is happening or is disoriented, helpless, asleep or unconscious for any reason, including due to alcohol or other drugs. An individual who engages in sexual activity when the individual knows, or should know, that the other person is physically or mentally incapacitated has engaged in nonconsensual conduct. Intoxication is not a defense against allegations that an individual has engaged in nonconsensual sexual conduct.

Discrimination: Unfavorable treatment of a person based on that person's membership or perceived membership in a protected class. Harassment is a form of discrimination.

Harassment: A form of discrimination consisting of physical or verbal conduct that denigrates or shows hostility toward an individual because of their membership in a protected class or their perceived membership in a protected class. Harassment occurs when the conduct is sufficiently severe and/or pervasive and so objectively offensive that it has the effect of altering the terms or conditions of employment or substantially limiting the ability of a student to participate in or benefit from the College's educational and/or social programs and/or student housing. Petty slights, annoyances, offensive utterances, and isolated incidents (unless extremely serious) typically do not qualify as harassment. Examples of conduct that could rise to the level of discriminatory harassment include but are not limited to the following:

- Epithets, “jokes,” ridicule, mockery or other offensive or derogatory conduct focused upon an individual's membership in a protected class.
- Verbal or physical threats of violence or physical contact directed towards an individual based upon their membership in a protected class.
- Making, posting, emailing, texting, or otherwise circulating demeaning or offensive pictures, cartoons, graffiti, notes or other materials that relate to race, ethnic origin, gender or any other protected class.

Protected Class: Persons who are protected under state or federal civil rights laws, including laws that prohibit discrimination on the basis of race, color, national origin, age, perceived or actual physical or mental disability, pregnancy, genetic information, sex, sexual orientation, gender identity, marital status, creed, religion, honorably discharged veteran or military status, or use of a trained guide dog or service animal.

Proceeding: All activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings.

Resolution: The means by which the complaint is finally addressed. This may be accomplished through informal or formal processes, including counseling, mediation, or the formal imposition of discipline sanction.

Respondent: Person or persons who are members of the campus community who allegedly discriminated against or harassed another person or persons.

Result: Any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution, as well as the rationale for the result and the sanction.

Sexual Harassment: A form of discrimination consisting of unwelcome, gender-based verbal, written, electronic and/or physical conduct. Sexual harassment does not have to be of a sexual nature, however, and can include offensive remarks about a person's gender. There are two types of sexual harassment:

1. Hostile Environment Sexual Harassment occurs when the conduct is sufficiently severe and/or pervasive and so objectively offensive that it has the effect of altering the terms or conditions of employment or substantially limiting the ability of a student to participate in or benefit from the College's educational and/or social programs (and/or student housing).
2. Quid Pro Quo Sexual Harassment occurs when an individual in a position of real or perceived authority, conditions the receipt of a benefit upon granting of sexual favors.
Examples of conduct that may qualify as sexual harassment include:

- Persistent comments or questions of a sexual nature.
- A supervisor who gives an employee a raise in exchange for submitting to sexual advances.
- An instructor who promises a student a better grade in exchange for sexual favors.
- Sexually explicit statements, questions, jokes, or anecdotes.
- Unwelcome touching, patting, hugging, kissing, or brushing against an individual’s body.
- Remarks of a sexual nature about an individual’s clothing, body, or speculations about previous sexual experiences.
- Persistent, unwanted attempts to change a professional relationship to an amorous relationship.
- Direct or indirect propositions for sexual activity.
- Unwelcome letters, emails, texts, telephone calls, or other communications referring to or depicting sexual activities.

**Sexual Violence:** is a type of sexual discrimination and harassment. Nonconsensual sexual intercourse, nonconsensual sexual contact, domestic violence, dating violence, and stalking are all types of sexual violence.

1. **Nonconsensual sexual intercourse** is any sexual intercourse (anal, oral, or vaginal), however slight, with any object, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

2. **Nonconsensual sexual contact** is any intentional sexual touching, however slight, with any object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

3. **Domestic violence** includes asserted violent misdemeanor and felony offenses committed by the victim’s current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.

4. **Dating violence** means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.

5. **Stalking** means intentional and repeated harassment or following of another person, which places that person in reasonable fear that the perpetrator intends to injure, intimidate, or harass that person. Stalking also includes instances where the perpetrator knows or reasonably should know that the person is frightened, intimidated, or harassed, even if the perpetrator lacks such intent.

### Who May File a Complaint

Any employee, applicant, student or visitor of the College may file a complaint. Complaints may be submitted in writing or verbally. The College encourages the timely reporting of any incidents of discrimination or harassment. Hard copies of the complaint form are available at the following locations on campus:

1. **For Student Complaints:** Vice President of Student Services, College Services Building Rm. 201, 360.752.8440.

2. **For Employee, Applicant, Visitor, or Other Complaints:** Human Resources Office, College Services Building Rm. 124, 360.752.8354

Any person submitting a discrimination complaint shall be provided with a written copy of the College's anti-discrimination policies and procedures.

### Confidentiality & Right to Privacy

Bellingham Technical College will seek to protect the privacy of the complainant to the full extent possible, consistent with the legal obligation to investigate, take appropriate remedial and/or disciplinary action, and comply with the federal and state law, as well as Bellingham Technical College policies and procedures. Although Bellingham Technical College will attempt to honor complainants’ requests for confidentiality, it cannot guarantee complete confidentiality. Determinations regarding how to handle requests for confidentiality will be made by the Title IX Coordinator and EOE/AA Officer.

**Confidentiality Requests and Sexual Violence Complaints.** The Title IX Coordinator or EOE/AA Officer will inform and obtain consent from the complainant before commencing an investigation into a sexual violence complaint. If a sexual violence complainant asks that his or her name not be revealed to the respondent or that the College not investigate the allegation, the Title IX Coordinator or EOE/AA Officer will inform the complainant that maintaining confidentiality may limit the college’s ability to fully respond to the allegations and that retaliation by the respondent and/or others is prohibited. If the complainant still insists that his or her name not be disclosed or that the College not investigate, the Title IX Coordinator or EOE/AA Officer will inform and obtain consent from the complainant.

- **The seriousness of the alleged sexual violence;**
- **The age of the complainant;**
• Whether the sexual violence was perpetrated with a weapon;
• Whether the respondent has a history of committing acts of sexual violence or violence or has been the subject of other sexual violence complaints;
• Whether the respondent threatened to commit additional acts of sexual violence against the complainant or others; and
• Whether relevant evidence can be obtained through other means (e.g., security cameras, other witnesses, physical evidence).

If the College is unable to honor a complainant’s request for confidentiality, the Title IX Coordinator or EOE/AA Officer will notify the complainant of the decision and ensure that complainant’s identity is disclosed only to the extent reasonably necessary to effectively conduct and complete the investigation.

If the College decides not to conduct an investigation or take disciplinary action because of a request for confidentiality, the Title IX Coordinator or EOE/AA Officer will evaluate whether other measures are available to limit the effects of the harassment and prevent its recurrence and implement such measures if reasonably feasible.

Investigation Procedure

Upon receiving a discrimination complaint, the College shall commence an impartial investigation. The Title IX Coordinator shall be responsible for overseeing all investigations pertaining to students. The EOE/AA Officer shall be responsible for overseeing all investigations pertaining to employees, applicants, visitors, or others. Investigations may be conducted by the Title IX Coordinator or his or her designee. If the investigation is assigned to someone other than the Title IX Coordinator, the Title IX Coordinator shall inform the complainant and respondent(s) of the appointment of an investigator.

Interim Measures. The Title IX Coordinator or EOE/AA Officer may impose interim measures to protect the complainant and/or respondent pending the conclusion of the investigation. Interim measures may include, but are not limited to, imposition of no contact orders, rescheduling classes, temporary work reassignments, referrals for counseling or medical assistance, and imposition of summary discipline on the respondent consistent with the Campus Code of Conduct or the College’s employment policies and collective bargaining agreements.

Investigation. Complaints shall be thoroughly and impartially investigated. The investigation shall include, but is not limited to, interviewing the complainant and the respondent, relevant witnesses, and reviewing relevant documents. The investigation shall be concluded within a reasonable time, normally sixty days barring exigent circumstances. At the conclusion of the investigation the investigator shall set forth the results of his or her findings and recommendations in writing. If the Title IX investigator is a designee, the investigator shall send a copy of the results to the Title IX Coordinator. The Title IX Coordinator shall consider the findings and recommendations and determine, based on a preponderance of the evidence, whether a violation of the discrimination and harassment policy occurred, and if so, what steps will be taken to resolve the complaint, remedy the effects on any victim(s), and prevent its recurrence. Possible remedial steps may include, but are not limited to, referral for voluntary training/counseling, development of a remediation plan, limited contact orders, and referral and recommendation for formal disciplinary action. Referrals for disciplinary action will be consistent with the student conduct code or college employment policies and collective bargaining agreements.

Written Notice of Decision. The Title IX Coordinator or EOE/AA Officer will provide each party and the appropriate student services administrator or appointing authority with written notice of the results of the investigative findings and of actions taken or recommended to resolve the complaint, subject to the following limitations. The complainant shall be informed in writing of the findings and of actions taken or recommended to resolve the complaint, if any, only to the extent that such findings, actions or recommendations directly relate to the complainant, such as a finding that the complaint is or is not meritorious or a recommendation that the accused not contact the complainant. The complainant may be notified generally that the matter has been referred for disciplinary action. The respondent shall be informed in writing of the findings and of actions taken or recommended to resolve the complaint and shall be notified of referrals for disciplinary action. Both the complainant and the respondent are entitled to review any findings, conclusions, and recommendations, subject to any FERPA confidentiality requirements.

Informal Dispute Resolution. Informal dispute resolution processes, like mediation, may be used to resolve complaints, when appropriate. Informal dispute resolution shall not be used to resolve sexual discrimination complaints without written permission from both the complainant and the respondent. If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time. In no event shall mediation be used to resolve complaints involving allegations of sexual violence.

Final Decision/Reconsideration. Either the complainant or the respondent may seek reconsideration of the decision by the Title IX Coordinator or EOE/AA Officer. Requests for reconsideration shall be submitted in writing to the Title IX Coordinator or EOE/AA Officer within 10 calendar days of receiving the decision. Requests must specify which portion of the decision should be reconsidered and the basis for reconsideration. If no request for reconsideration is received within the specified time period, the decision becomes final. If a request for reconsideration is received, the Title IX Coordinator or EOE/AA Officer shall either deny the request or, if the Title IX Coordinator or EOE/AA Officer determines that the request for reconsideration has merit, issue an amended decision. Any amended decision is final and no further reconsideration is available.
Publication of Anti-Discrimination Policies & Procedures
The policies and procedures regarding complaints of discrimination and harassment shall be published and distributed as determined by the president or president’s designee. Any person who believes he or she has been subjected to discrimination in violation of College policy will be provided a copy of these policies and procedures.

Limits to Authority
Nothing in this procedure shall prevent the College President or designee from taking immediate disciplinary action in accordance with Bellingham Technical College policies and procedures, and federal, state, and municipal rules and regulations.

Non-Retaliation, Intimidation & Coercion
Retaliation by, for or against any participant (including complainant, respondent, witness, EOE/AA Officer, Title IX Coordinator, or investigator) is expressly prohibited. Retaliatory action of any kind taken against individuals as a result of seeking redress under the applicable procedures or serving as a witness in a subsequent investigation or any resulting disciplinary proceedings is prohibited and is conduct subject to discipline. Any person who thinks he/she has been the victim of retaliation should contact the Title IX Coordinator or EOE/AA Officer immediately.
