About Bellingham Technical College:

Business and Computer Technology: prepares students for careers in the fast paced, ever changing world of modern business—for large and small employers: retail, insurance, insurance, software companies, schools, universities, federal and state government, service industries, manufacturers, or a personal business.

Health Careers: prepares students with the high demand skills for careers in the highly technical world of health care, wellness, or family services including hospitals, physician’s offices, insurance companies, childcare centers, schools and government agencies.

BTC's administration collaborates with local industry, employers and our state and local governments to determine the skills our workforce requires to keep the economy strong.

BTC's provides high-tech, hands-on training and solid academic instruction to help our students reach their goals of high-wage careers and personal satisfaction and employment stability. Bellingham Technical College is accredited by the Northwest Commission on Colleges and Universities, and offers 37 associate degree and 51 certificate options providing professional technical education to support local and regional industry workforce needs.
