HEALTH AND BUSINESS CAREER & EMPLOYMENT FAIR AT BELLINGHAM TECHNICAL COLLEGE TUESDAY MORNING, MARCH 10

Free Event. Bellingham, Washington--Bellingham Technical College (BTC) will hold a career fair for the Health and Business fields from 10:30 a.m.-12:30 p.m. Tuesday, March 10, in BTC's Settlemyer Hall, on the first floor of Campus Center. This is a free event that is open to students and members of the public, and it's a great way to look at new career options.

Come and connect with representatives from local and regional businesses and discuss career and employment opportunities. Attendees are encouraged to dress professionally and bring copies of their resumes. BTC's Advising and Career Services department offers resume advice for students. Email advising@btc.ctc.edu for more information about resume assistance.

This career fair is sponsored by Home Attendant Care and includes about 40 employers, as well as information about Bellingham Technical College programs, degrees and certificates.

About Bellingham Technical College:

Business and Computer Technology: prepares students for careers in the fast-paced, ever-changing world of modern business—for large and small employers

including retail, insurance, software companies, schools, universities, federal and state government, service industries, manufacturers, or a personal business.

Health Careers: prepares students with the high-demand skills for careers in the highly technical world of health care, wellness, or family services, including hospitals, physician's offices, insurance companies, childcare centers, schools and government agencies.

BTC's administration collaborates with local industry, employers and our state and local governments to determine the skills our workforce requires to keep the economy strong.

Bellingham Technical College provides high-tech, hands-on training and solid academic instruction to help our students reach their goals of high-wage careers, personal satisfaction and employment stability. Bellingham Technical College is accredited by the Northwest Commission on Colleges and Universities, and offers 37 associate degree and 51 certificate options providing professional technical education to support local and regional industry workforce needs.
